

Norton Introduces the 1601 Size 1-6 Adjustable Door Closer

Norton has enhanced its 1601 door closer to be fully adjustable from sizes 1 to 6. Ideal for use on aluminum storefronts and other medium traffic, commercial applications, the 1601 door closer offers proven quality, performance and reliability unmatched by the competition. Stocking customers will benefit from the reduction in inventory while product selection is more simplified for installers and specifiers.

With this change, the 1601BF and 1601DA closers are discontinued, effective immediately. For applications requiring delayed action, consider using Norton's 8501DA closer. Please reference Norton discontinuance notice #43376 for more information.

Features

- ANSI/BHMA A156.4, Grade 1
- Adjustable through the power range of sizes 1 through 6 to comply with the opening force requirements as outlined in the Americans with Disabilities Act (A.D.A.) and ANSI A117.1 for interior doors
- Exceeds 25 million cycles
- 15 year warranty
- Tri-Style® packaging (regular arm, top jamb and parallel arm mounting)
- One-piece, heavy-duty cast aluminum body
- Robust arms for high usage with quick adjust slide arm for easy installation and adjustment
- Non-handed for installation on either right- or left- hand swing doors
- Configurable with 18+ arm options and custom finishes

Availability

The 1601 size 1-6 is available for order now. Standard lead times apply.

Note: For ease of recognition, individual boxes containing closers with 1-6 springs will be marked with a green sticker. "1-6" will also be stamped on each closer body.

How to Order

Old Models	NEW Model
1601BF (size 1-4)	1601 (size 1-6)
1601 (size 3-6)	

Pricing is not affected by this change. The catalog and other launch materials are now available on the ASSA ABLOY Door Security Solutions extranet (Collateral Materials > Norton > Product Launches).
